Rainfall Tables for Palestine and Adjacent Countries

This book is a collection of monthly and annual observations of rainfall in Palestine and adjacent countries, namely the Sinai peninsula, Transjordan, Southern Lebanon and the part of Syria which borders on the north-east of Palestine, i.e. the district of Damascus.

The author first collected and arranged this material in 1928 with the object of preparing a map of the rains in the above-named zones. The map was published in 1930 (Berlin) as part of a thesis dealing with this subject. Part of the above map (covering Palestine within the boundaries of the Mandate only) was reproduced as Map No.5 in the appendix of Sir John Hope Simpson's report on Immigration, Land Settlement and Development (1930).

With the need to supply the necessary hydrological material on Palestine and Transjordan to the Peel Commission and afterwards to the Palestine Partition Commission, the necessity arose to complete the rainfall tables and bring them up to date.

The calculations and maps relating to this work will be published separately.

Jerusalem, July 1938.

D. Ashbel

ספר הגשמים לארץ ישראל ושכנותיה.

תבוא

ספר זה אינו אלא אוסף התצפיות החדשיות והשנתיות של הגשמים באזור ארץ ישראל ושכנותיה: סיני, עבר הירדן המזרחי, הלבנון הדרומי ואותו החלק של סוריה הגובל בנו מצפון-מזרח, היינו הגולן, החורן וסביבת דמשק.

חמר זה נאסף וסודר לראשונה ע"י החתום מטה לשם עבוד מפת הגשמים של האזורים הנ"ל עוד בשנת תרפ"ח (1928). והמפה הזאת הוצאה ב-1930 בכרלין בתוך דיטרטציה שעסקה בנושא זה. חלק מן המפה הנ"ל (של א"י בגבולותיה המנדטוריים) יצא גם ב-1931 בדו"ח של סיר ג. ח. סמפסון על ההתישבות בא"י, בצורת מפה מספר 5.

עם הצורך לספק חומר הדרולוגי של ארץ ישראל ועבר הירדן המזרחי לוועדות החקירה השונות שבאו לארץ ישראל בשנים האחרונות בתעודתם הדרישה להשלים את החומר של תצפיות הגשמים עד הזמן האחרון ונבר גם הצורך לעבד עוד פעם את כל החומר הישן והחדש, ולשרטט בצורת מפת גשמים חדשה, על מנת להוכיח אם חל שנוי לגבי המפה הקודמת.

מתוך העבודה הזאת צמח הספר הנוכחי המשמש כבסיס סטטי אשר על פיו עובדו ושורטטו מפות הגשם החדשיות הן מצד הממשלה והן מצד האוניברסיטה, עפ"י תקופות שנים ובסיסי חשוב משותפים וגם שונים. החשובים המפורטים והמפות שנתקבלו מתוכם יופיעו בהוצאה מיוחדת.
